Commercial Lease - Cover

MERIDIAN HOUSE, SUITE 4.02, LEVEL 4, 88 PITT STREET, SYDNEY NSW 2000

Landlord: Harbour Asset Holdings Pty Ltd (ACN 100 200 300)

Tenant: Northstar Advisory Pty Ltd (ACN 400 500 600)

Execution date: 12 June 2026. Commencement date: 1 August 2026.

This fictional agreement is prepared solely for the Aurelia Agency AI Studio demonstration. It is not legal advice and does not record a real transaction.

Document Particulars

Premises: Suite 4.02 on Level 4 of Meridian House together with the non-exclusive right to use the common areas and two allocated basement car spaces.

Initial term: five years commencing 1 August 2026 and expiring 31 July 2031.

Option: one further term of three years. The Tenant must exercise the option not earlier than 12 months and not later than 9 months before expiry.

Base rent: AUD 420,000 per annum plus GST, payable monthly in advance. Security: an unconditional bank guarantee equal to six months gross rent.

Permitted use: corporate advisory and ancillary office use. There is no tenant break clause during the initial term.

1. Definitions and Interpretation

1.1 Building means Meridian House at 88 Pitt Street, Sydney NSW 2000, including its structure, common areas, lifts, services and base building plant.

1.2 Business Day means a day other than Saturday, Sunday or a public holiday in New South Wales. Gross Rent means Base Rent plus the Tenant’s estimated contribution to Outgoings and GST.

1.3 A reference to a person includes a corporation and its permitted successors. Headings do not affect interpretation. The singular includes the plural and obligations binding two or more persons bind them jointly and severally.

1.4 If an obligation falls due on a day that is not a Business Day, it must be performed on the next Business Day unless this lease states otherwise.

2. Grant, Term and Holding Over

2.1 The Landlord leases the Premises to the Tenant for the initial term stated in the Document Particulars, subject to this lease.

2.2 The Tenant may occupy the Premises from the Commencement Date and must pay all rent and other money from that date.

2.3 If the Tenant remains after expiry with the Landlord’s consent, the tenancy continues monthly at 115 percent of the rent payable immediately before expiry. Either party may end that monthly tenancy on one month’s written notice.

2.4 Holding over does not create a further fixed term or prejudice the Landlord’s right to require make good.

3. Base Rent and Payment

3.1 Base Rent is AUD 420,000 per annum plus GST at commencement and is payable by equal monthly instalments in advance on the first Business Day of each month.

3.2 The first and last instalments are apportioned daily. The Tenant must pay without deduction, set-off or counterclaim except where required by law.

3.3 Interest accrues on overdue money at the Reserve Bank cash rate plus 4 percent per annum, calculated daily. Acceptance of part payment does not waive the balance.

3.4 The Landlord must provide a valid tax invoice where required for GST purposes.

4. Rent Review

4.1 Base Rent increases by 3.5 percent on each anniversary of the Commencement Date during the initial term.

4.2 If the option is exercised, Base Rent is reviewed to market on the first day of the option term. The market rent is the rent reasonably obtainable for comparable fitted office premises in the Sydney CBD on similar terms.

4.3 The parties must try to agree market rent at least 60 days before the option term begins. If they cannot agree, an independent valuer appointed by the Australian Property Institute determines it.

4.4 Until determination, the Tenant pays the previous rent. Any difference is adjusted within 10 Business Days after determination.

5. Incentive

5.1 The Landlord grants eight months gross rent abatement applied in equal monthly credits across the first lease year.

5.2 The incentive is personal to the named Tenant and is conditional on the Tenant taking possession, maintaining the Security and not being in material default.

5.3 A temporary default does not cancel future credits unless it remains unremedied after the applicable notice period. Credits resume when the default is remedied.

5.4 The incentive does not reduce the face rent used for review, security calculation, insurance or damages.

6. Outgoings

6.1 The Tenant must pay 12.5 percent of increases in statutory and operating outgoings above the audited 2026 base year.

6.2 Recoverable Outgoings include council rates, water service charges, common-area cleaning, security, lift maintenance, electricity for common services and building management fees.

6.3 Capital expenditure, Landlord financing costs, leasing commissions, income tax, penalties caused by the Landlord and costs recovered from insurance are excluded.

6.4 The Landlord must provide an annual estimate and reconciliation. Any shortfall or credit is payable or allowed within 20 Business Days.

7. Goods and Services Tax

7.1 Amounts stated in this lease exclude GST unless expressly stated otherwise.

7.2 If a taxable supply is made, the recipient must pay the GST amount at the same time as the consideration after receiving a valid tax invoice.

7.3 Reimbursements are reduced by any input tax credit available to the party being reimbursed.

7.4 Terms used in this clause have the meaning given in A New Tax System (Goods and Services Tax) Act 1999.

8. Security

8.1 Before access, the Tenant must provide an unconditional bank guarantee equal to six months Gross Rent and maintain it until six months after expiry or completion of make good, whichever is later.

8.2 The issuing bank must be an Australian authorised deposit-taking institution acceptable to the Landlord. The guarantee must have no expiry date.

8.3 The Landlord may draw after giving notice of an amount properly due and allowing any applicable remedy period. The Tenant must replenish a draw within five Business Days.

8.4 Security does not limit the Tenant’s liability and must be returned when all obligations are satisfied.

9. Permitted Use and Conduct

9.1 The Tenant may use the Premises only for corporate advisory and ancillary office use and must obtain all approvals required for its business.

9.2 The Tenant must not cause nuisance, overload services, store dangerous goods, interfere with other occupants or use the Premises for residential purposes.

9.3 The Tenant must comply with reasonable Building Rules notified in writing, provided they do not materially derogate from this lease.

9.4 The Tenant is responsible for the conduct of its employees, contractors, clients and invitees.

10. Access and Building Security

10.1 The Tenant has access to the Premises 24 hours a day, seven days a week, subject to emergency procedures and reasonable security controls.

10.2 The Landlord must provide reasonable after-hours lift and entry access. The Tenant pays only for special services requested solely for its benefit.

10.3 The Landlord may enter on reasonable notice to inspect, repair, value or show the Premises. No notice is required in an emergency.

10.4 Access must minimise disruption to the Tenant’s business and preserve confidentiality where reasonably practicable.

11. Repairs and Maintenance

11.1 The Tenant must keep internal finishes, floor coverings, doors, tenant fixtures and supplementary services in good repair, fair wear and tear excepted.

11.2 The Landlord must maintain the Building structure, roof, lifts, common services and base building plant in safe working order.

11.3 The Tenant must promptly notify defects that may affect the Building or other occupants and must not undertake structural work.

11.4 Each party is responsible for damage caused by its negligence, breach or contractors.

12. Services and Sustainability

12.1 The Landlord supplies normal base building air conditioning, lifts, common lighting and water during published Building hours.

12.2 Service interruption does not suspend rent unless caused by the Landlord’s wilful default and it substantially prevents occupation for more than five consecutive Business Days.

12.3 The parties must reasonably cooperate on energy, waste and water initiatives. The Tenant must provide non-confidential consumption data where separately metered.

12.4 Sustainability initiatives must not materially reduce amenity or impose unbudgeted capital costs on the Tenant without agreement.

13. Alterations and Signage

13.1 The Tenant must obtain prior written consent for alterations. Consent must not be unreasonably withheld for non-structural works consistent with the Building standard.

13.2 Works must be designed by qualified consultants, approved by authorities, performed by insured contractors and completed without damage or unreasonable disruption.

13.3 Signage is limited to the Building directory, tenancy entry and any approved identification zone. All signage remains subject to design guidelines.

13.4 Approval does not remove the Tenant’s make-good obligations.

14. Insurance and Risk

14.1 The Tenant must maintain public liability insurance for at least AUD 20 million per occurrence, workers compensation as required by law and cover for its property and business interruption.

14.2 Policies must note the Landlord’s interest where appropriate. Certificates of currency must be provided on request.

14.3 The Landlord insures the Building for replacement value and public liability for common areas.

14.4 Each party must notify material incidents promptly and must not do anything that prejudices insurance.

15. Indemnities and Liability

15.1 The Tenant indemnifies the Landlord against loss arising from the Tenant’s use, negligence or breach, except to the extent caused by the Landlord.

15.2 The Landlord indemnifies the Tenant against loss arising from the Landlord’s negligence or breach.

15.3 Neither party is liable for indirect or consequential loss except for unpaid rent, damage to third-party property, personal injury, fraud or deliberate misconduct.

15.4 Each party must take reasonable steps to mitigate loss.

16. Assignment and Subletting

16.1 The Tenant must not assign, sublet, license or otherwise part with possession without the Landlord’s prior written consent.

16.2 Consent must not be unreasonably withheld where the proposed occupier has acceptable financial standing, uses the Premises consistently with the Permitted Use and enters required documentation.

16.3 The Landlord may require reasonable legal and due-diligence costs. Consent does not release the Tenant unless expressly agreed.

16.4 A change of control of the Tenant is treated as an assignment, excluding an internal restructure that does not reduce financial standing.

17. Default and Remedies

17.1 A monetary default occurs if rent remains unpaid for five Business Days after written notice.

17.2 A non-monetary default occurs if breach remains unremedied 20 Business Days after notice, or if it cannot reasonably be remedied in that period and the Tenant has not begun and diligently continued remediation.

17.3 Subject to law, the Landlord may terminate, re-enter, recover debt and claim loss after an unremedied default.

17.4 The Landlord must mitigate loss. Waiver of one breach is not waiver of another.

18. Damage and Destruction

18.1 Rent abates fairly while insured damage makes the Premises substantially unusable, except to the extent insurance is prejudiced by the Tenant.

18.2 The Landlord must decide within 90 days whether to reinstate. If reinstatement is not reasonably achievable within 12 months, either party may terminate on 20 Business Days notice.

18.3 The Tenant may terminate if substantial access remains unavailable for more than nine months and the Tenant did not cause the damage.

18.4 Termination does not affect rights accrued before termination.

19. Option to Renew

19.1 The Tenant has one option for a further three-year term.

19.2 The option notice must be given between 1 August 2030 and 31 October 2030. Time is of the essence.

19.3 The option is conditional on there being no subsisting material default when notice is given and at expiry, and on the Tenant not having persistently defaulted.

19.4 The renewed lease is on the same terms except for the option clause, incentive and any obsolete provisions. Rent is reviewed to market at option commencement.

20. Expiry and Make Good

20.1 By expiry the Tenant must remove its loose property, signage and fitout additions identified by the Landlord, repair resulting damage and leave the Premises clean and safe.

20.2 At least six months before expiry the parties must inspect and agree a make-good scope. Failure to agree does not release the Tenant.

20.3 The Landlord may elect in writing to retain specified works without payment to the Tenant.

20.4 If the Tenant does not complete make good, the Landlord may perform the work and recover reasonable cost and occupation loss.

21. Notices and Dispute Resolution

21.1 Notices must be in writing and delivered by hand, prepaid post or email to the addresses in Schedule 1.

21.2 Email notice is received when the sender receives no delivery failure, provided notices sent after 5 pm are treated as received the next Business Day.

21.3 Before litigation, senior representatives must meet in good faith within 10 Business Days after a dispute notice.

21.4 Urgent injunctions, debt recovery and statutory rights are not restricted by this process.

Schedule 1 - Commercial Particulars

Landlord: Harbour Asset Holdings Pty Ltd (ACN 100 200 300).

Tenant: Northstar Advisory Pty Ltd (ACN 400 500 600).
